Robin Halley, Superintendent

Kyle Wolfe, Assistant Superintendent

Stacy Overly, Treasurer

---

## **What are Teays Valley Schools doing to ensure the safety of our students and staff?**

- ✓ The Teays Valley Health Team is in close contact with the Pickaway County Department of Health for all up to date information and will communicate closely with administration should any concern arise.
- ✓ If we are notified of a local concern, the health team will work with our school administration and a form of notification will be sent out.
- ✓ Any known/suspected exposures will be treated via our "Contagious Illness Policy". The student/staff's classrooms will be disinfected with an approved bleach solution, and information will be sent home. IF this does happen, the Health Department will work closely with the schools to ensure proper procedures are in place related to exposures.

*From our policy located on tvsd.us:*

- ✓ *Your child should NOT go to school if their temperature is 100° degrees or above. Return to school is based on a temperature below 100° for 24 hours (without fever reducing medications), and your child is feeling well.*
- ✓ *Your child should stay home if they have been diagnosed or they are suspected to have a contagious disease to prevent the spread to other children in the classroom. Work closely with your doctor to know when your child is no longer contagious.*

Please contact your school nurse if any questions or concerns arise.

To learn more about Ebola please refer to the CDC website -  
<http://www.cdc.gov/vhf/ebola/index.html>

Ohio Department of Health- (great fact sheet and information) -  
<http://www.odh.ohio.gov/en/odhprograms/dis/orbitdis/ebola/Ebola.aspx>

Please contact the Pickaway County General Health District at 740-477-9667 for questions or concerns related to a possible exposure.
